2021 Southwest Type Conference Champion Poland Gilt

Our thanks to Tommy Frell, Texas, for his \$2,750 investment in this RSR9 War Cry 8-2 daughter who captured top gilt honors at Belton. This one looked like a lady and we wish the Frells the best of luck with their purchase.

DAUGHTER OF WAR CRY

RSR9 WAR CRY 8-2

Sitting Bull x One Look

Littermate to the Belton Champion Gilt

This guy alone is worth your trip to Velma, Oklahoma, to see him in person.

He is skeletally correct, he can move with the best and he is packed with muscle.

We Did Our Homework

The results are impressive!

**\$3,200 Top-Selling Bred Gilt
in Bennett Polands'
December 2021 Sale**

This is one of the best designed females we have seen in sometime. She was bred to Pitch Black at Premium Blend Genetics who was the 2020 STC Champion Boar.

At this stage, her litter is crazy good—their future looks bright!

**CONTACT US
ABOUT RESULTS FROM
THIS GENETIC MATCH UP**

PITCH BLACK

**2020 STC Champion and
Top-Selling Boar
Purchased by
Premium Blend Genetics**

This Black Mamba x Blue Light boar is stress negative and the sire of our impressive litter from the Bennett gilt, pictured above.

We say thanks to our early show pig buyers at the farm, with more to go, we are sure.

Thanks to Ryder Baxter, Ottawa, Illinois, for his purchase of our two top January Poland gilts, sired by Black Mamba.

With county and state fairs getting back on track in 2021, buy your next Polands and crossbreds here and drive to the winner's circle!

Breeding stock and show pigs available at the farm, year round.

GET IN ON THE HYPE

2 CHESTER BOARS WITH EXCITING FUTURES

Kid Rock

Box Office x Conductor

This guy combines width of chest, muscularity, maturity, stoutness and show ring appeal with an appropriate skeletal size. He combines an unique and diverse genetic composition with an absolutely awesome phenotype.

Semen is Available

Major Move

Hit The Road Jack x Salary Cap

This one combines stoutness with muscle, width, and soundness, perhaps no like no other Chester White boar in the past 10 years and does so with consistently.

Use this one for structure, bone, muscle with eye appeal and impeccable soundness.

Semen is Available

We have young boars on feed out of both Kid Rock & Major Move who look outstanding!

Results from the Southwest have been tremendous and continue to roll in.

This is the best set that we have ever started and we are looking forward to a very rewarding summer.

Be prepared

Byline: Brian Anderson
CPS Chief Executive Officer

When this article finds you, we will be well through pig buying season and into spring shows every weekend, chasing jackpot dreams. As we prepare for a busy summer show season, I want to visit with you about some things to think about.

First and foremost, make sure that you have FUN! I hope that the reason you are doing this is to enjoy the time to the fullest that you have with friends and family. At the same time, there is absolutely nothing wrong with being competitive while you are attending shows. I think we would all agree that competition is a good thing as long as it is done the proper way. Learning how to win graciously and lose humbly are both valuable traits that will take you far in life. The best and most gracious winners are the ones who learned to lose first and decided it was time to work harder so that losing would not happen again.

Be prepared. Don't wait until the week before to prepare for a week-long event. Map it out, make plans and have an agenda. Where are you going to stay? How long will you be there? When are you released? What do you need to bring to allow your kids to show? Here a few things to keep in mind.

I think we would all agree that competition is a good thing as long as it is done the proper way.

1. **Pedigrees.** Have they been transferred? Make sure that your pig's pedigree has been transferred to your child or to the respective owner. A pedigree that is just signed on the back will not work. Often times, exhibitors will receive the pedigree in the mail from the respective breed office or from the breeder, but then never open it until they get to the show. Does the ear notch on the pedigree match

the pig that you have? Did the breeder send you the correct pedigree? Is the stress status listed for your hog if that breed requires it? If not, find out from your breeder or breed office what needs to be done. Always put your pedigree in a safe and responsible place and know where it is. If you are a breeder or a showman, do this in a timely manner! We cannot trust today's mail service to get it to you on time when a show is around the corner. If you have done your part and have not received your pedigree in a reasonable period of time, then call us. We are here to help you be successful, so let us assist you if we can.

2. **Health Requirements.** These are usually sent out or presented to you in plenty of time to be prepared. Anymore, most shows require you to have a health paper. Make sure that it is issued on or after the date that each show requires. Did you get the shots that are required for each show? Sometimes the best thing to do is print the health requirements and take them to your veterinarian to look over so they know what they have to do and when. Don't wait until a week before. Plan ahead.
3. **Play by the Rules.** Rules are listed for a reason, so abide by them. We all have plenty of time traveling down the road with our families and friends, so review the rules. Make an effort to educate each other and be more knowledgeable tomorrow than you are today. These rules are put into place to ensure that everybody is playing on a similar playing field. Help to keep it that way so we can continue to have these events. If COVID continues to persist and we have to deal with repercussions of it for an extended amount of time, then be mindful to wear your mask and abide by what each show requires. Do whatever is asked and we will continue to have great opportunities for our kids to enjoy and have fun.

Take advantage of a summer full of opportunities. If you didn't get to hit as many shows last year as you were wanting to, then take advantage of the schedule that the CPS, Team Purebred, and ABA along with the NSR and NJSA have put together. Hit the road as hard as you safely can, but please make sure that you are PREPARED! I will see you there.

Sow Testing and
Records System

Using the CPS in-house Herdsman Record System, the CPS breeds have adopted one common recording incentive program to meet the needs of all four breeds and breeders who utilize this record-keeping system to collect sow and pig records for their herd.

For breeders who use the state-of-the-art Herdsman system, there is a benefit and this is the program for you. STARS simply puts all four breeds on one common pricing and recording timetable. Additionally, it is the cheapest method to register litters that are under 90 days of age.

Requirements of STARS - based on calendar year, January-December

1. Prior to enrollment in STARS, must be an active junior or senior member of your breed association with yearly maintenance fee paid. (*Yearly maintenance fee only applies to senior members.*)
2. Yearly STARS enrollment fee of \$25 per breed per breeder.
3. Record litters within 90 days of birth, and ALL litters submitted must include 21-day litter weights. *Birth weights optional.*

With enrollment in STARS, all of these litters are processed at \$16 per litter.

Association News Notes

Obituary

Jay Edwin Coble, 87, Rhodes, Iowa, passed away February 1, 2021.

Born May 13, 1933, to John Ira and Anna Mae Meckley Coble on the Coble family homestead in rural Hershey, Pennsylvania, Jay was a 1950 graduate of Hershey High School. After a couple of years working on the family farm, Jay answered the call to ministry. He attended Penn State where he lived over the Dairy barn, earning his room and board working on campus. While a student at Penn State, Jay competed on the nationally recognized Penn State Livestock Judging team.

While in college, Jay served as the statewide EUB (Evangelical United Brethren) youth delegate to the Pennsylvania Ecumenical Youth Council. It was during one of the gatherings that he met the Presbyterian delegate, Elinor-Ann Lazarus. For him, it was love at first sight. They were married on August 24, 1958.

Jay enrolled at United Theological Seminary, Dayton, Ohio, in 1959 to pursue his Master of Divinity degree to become an agricultural missionary. Due to changes in the missionary programs of the denomination, he resigned after 18 months. He went to work for the Pennsylvania Extension Service for two years in Butler, Pa., Before returning to manage the family farm in Hershey. Those years were filled with much joy as Jay and Ellie welcomed 6 children into the family.

On what has often been described as a journey reminiscent of pioneers, Jay and his family spent the next 10 years moving westward. Two semi-trucks followed them wherever they roamed,

one with household goods and the other with Jay's herd of purebred Poland China hogs and farm implements.

From 1973 to 1976, Jay served as the Poland China Record Association's executive secretary in Galesburg, Illinois. During his time with the organization, he edited the 100th Anniversary book of this breed of hogs. He traveled the country visiting farms large and small, state fairs, and national livestock, promoting the Poland China breed.

From 1976-1980 Jay farmed in rural Hardin County, Tennessee. In 1981, when the family moved to Iowa, that deep roots began to form, and the Midwest's plains became home.

4-H was an important part of Jay's life. As a youth, he represented Pennsylvania at the National 4-H Congress in Washington, DC. As an adult, he coached his children's 4-H livestock judging teams, first in Tennessee and then Iowa, taking them on to compete in regional, state, and national 4-H livestock judging competitions.

In March 1987, Elinor-Ann lost her battle with cancer. Jay focused his energy on farming and working with organizations such as the Iowa Pork Producers and Iowa Farm Bureau. Jay had the opportunity to travel to Hungary with the Iowa Farm Bureau, and this love of travel, learning, meeting new people, and adventure continued after he met and married Bonnie Goodman from rural Marshall county on September 27, 1996.

Jay responded again to God's call to serve the church, pastoring two churches in the Iowa Annual Conference of The United Methodist Church as a Licensed Local Pastor.

Bethany in Marshalltown and Minerva, rural Marshall County, were blessed by Jay's thoughtful sermons.

In his later years, when many would enjoy retirement, Jay was able to fulfill a lifelong dream of raising a small herd of purebred Angus cattle. Jay was what some would call an 'early adapter,' always on the cutting edge of farming practices. He was one of the early pioneers of genetic testing for his hog operations and later his Angus herd.

As Jay approached his mid 80's he knew that they couldn't keep up with the herd of cattle much longer, so they switched to raising alfalfa hay, which allowed Jay to get out and about to help on the farm.

Jay loved sports – there wasn't a game he didn't enjoy. However, baseball was always a favorite.

When asked who he was rooting for, Iowa or Iowa State, he would say 'yes,' unless they played Penn State. He was first and foremost a Nittany Lion and was a lifelong member of the Penn State Alumni Organization.

Jay was preceded in death by his parents, John Ira and Anna Mae Coble, his first wife Elinor-Ann Lazarus Coble, grandson Tyler Alan Coble, great-granddaughter Elinor Jo Davis, his sister R. Dolores Alleman and brother-in-law Warren Alleman.

Jay is survived by his children: the Rev. Deborah Coble, Charleston, WV, Col. Elizabeth Coble, retired (and partner Col. Mike Soule, retired) Washington, DC, Jay Coble II (Carrie) Crawfordville, Iowa, Col. Mark (Lt Col. Anh) Coble Oak Harbor, Washington, Stephanie (Scott) Coble-Day Fort Dodge, Iowa and Glen (Jenny) Coble, Onawa, Iowa and his stepsons Jeff

Goodman, Melbourne, Iowa and Mike (Sheri) Goodman, Marshalltown, Iowa. Four siblings: John (Georgene), Coble Billings, Montana, Katharine (Paul) Wagner, Enon, Ohio, and David (Sylvia), Coble Hershey, Pennsylvania.

His six children blessed him with 16 grandchildren and six great-grandchildren. Jay is also remembered by five step-grandchildren, twelve step-great grandchildren, and nieces and nephews who live from coast to coast and the many friends he has made along the way.

Donation may be made to one of the following: his church, New Horizons United Methodist Church, Melbourne Iowa, his favorite mission project: McCurdy Missions, Espanola, New Mexico, the Lewis and Clark Discovery Expedition Foundation, St Charles, Mo. or Iowa River Hospice.

Obituary

Donald A. Resler, 95, Owatonna, Minnesota, passed away peacefully at home surrounded by his family on February 16, 2021.

A lifelong resident of Steele County, Don was born on September 9, 1925, to Anton and Myrtle (Hondl) Resler. He graduated from Owatonna High School in 1943. On February 3, 1951, he married the love of his life, Barbara June Freese of Anaheim, California, and together they built a dairy and purebred hog operation and raised their family in Aurora Township. Don and Barb enjoyed traveling together and loved their time at Crane Lake, Minnesota. Their motor home was always open to their family, friends and Crane Lake "family" members. Many hours were spent fishing

together, going on boat rides and sharing a good meal. Both were known and loved for their hospitality and making all feel welcome whether at the farm or on Crane Lake.

Don served on the Steele County Dairy Herd Improvement Association Board, the Steele County Soil and Water Board, the Steele-Waseca Co-op Electric Board of Directors for 33 years, and the National Spotted Swine

Board of Directors. In 2013 he was honored to be inducted into the Steele County Free Fair Livestock Hall of Fame and in 2019 he was inducted into the National Spotted Swine Hall of Fame. He was the Steele County rural assessor for 18 years and was a member of the Star in the East Lodge #33 and the Western Fraternal Life Lodge #127.

Don is survived by his children: Todd (and Laura)

Resler of Owatonna, Murry (and Valerie) Resler of Cottage Grove, Daun Resler-Schultz (and Mark) of Owatonna. Grandchildren: Karen (and Shane) Hare, Steven (and Jill) Resler, Joel Resler, Clarissa Adams (and Corby Renfrew), Megan Resler, Amelia Schultz. Great-grandchildren: Katelyn Hare; Ava, Addison, and Josie Resler; Evie, Roan, and Lena Adams, and brother, Lavern Resler of Lakewood,

Colorado.

He was preceded in death by his wife Barbara, his sister Marjorie (and Clifford) Kahlen, sister-in-law, Evelyn Resler, and brother-in-law and sister-in-law, Dr. Norvin and Bonnie Schaper.

Memorials may be made to St. John's Lutheran Church in Havana Township, Owatonna Area Hospice, or the donor's choice.

Jean and Craig Conover, taking a break with their dog, Sheba. CJ Berkshires, Mapleton, Iowa, was one of the very top Berkshire herds, nationwide, in the 1970s and 1980s.

Craig Conover

CJ Berkshires

An unsung Berkshire hero

By Merrill Smith

CJ Berkshires, Craig & Jean Conover, Mapleton, Iowa, purchased their 120-acre farm in 1976. They moved their small Berkshire herd along with a few cows from their rented facilities to their new homestead. Craig had been involved with Berkshires all his life at Bonnie Acres Farm. His father, Tom Conover, had always been a mentor when it came to Berkshire hogs. However, over the years, Craig established a great reputation as a Berkshire and Angus cattle auctioneer. Craig's goal, at a time when Berkshires were not popular, was to "help Berkshire hogs have value instead of giving them away all the time." He and Jean did this by producing good Berkshire genetics and through Craig's auctioneering engagements. They were good Berkshire promoters who backed their work by producing high-performance Berkshire breeding stock. For several years they led the Berkshire breed nationally in transfers and were consistently near the top in litter recordings.

When Craig was 8 years old, one of his early morning jobs was to milk the 8-10 cows with the farmhand, named Jim Baldrige. He was intrigued with Baldrige's auctioneer chant. Craig would re-create it after the milking was done. He didn't do it in front of anyone, but he'd go off by himself and start chanting.

In 1968, Craig graduated from The Superior School of Auctioneering in Decatur, Illinois. He then returned to Iowa State University where he graduated in 1969 with an animal science degree. After graduation, he was offered a position as Angus Journal Fieldman, a job Jim Baldrige had just vacated.

Craig had already sold some Berkshire sales starting in 1968 and by 1972 he was invited to sell the gilts at the Berkshire Summer Type Conference. From then on, he was the National Berkshire Auctioneer on into the 1980s. His Angus auctioneering started in 1971 when Ralph Kuhr, an auctioneer from Nebraska, lost his voice with a severe cold on the very first bull in the sale ring. Kuhr stopped the sale and asked, "Is there an auctioneer in the house?" Someone hollered out Craig's name and he sold the sale with good results. Kuhr died 40 days later in a plane crash. That unfortunate event opened up several opportunities for Craig to sell Angus cattle.

Word of mouth helped Craig to grow his Angus cattle auctioneering business. By the mid-1980s, Craig retired from selling hog sales and focused on Angus cattle sales. Craig's integrity and hard work to study pedigrees and vital information on each sale grew his business. He always honored a breeder's annual sale date. That sometimes cost him money but in the long run, it built a secure business. "If February 1 was your sale day, it was your day until you didn't want it anymore," says Craig.

The hard work in the Angus breed to build data on Angus cattle helped the breed grow into dominance. Carcass data eventually helped develop Certified Angus Beef which led to Angus being the most demanded breed of cattle.

Craig learned what performance data could do for a herd and a breed and initiated that into his Berkshire

herd. As a member of the American Berkshire Association Board of Directors, he supported the beginning of a National Boar Test. Testing in the Berkshire breed not only helped improve genetics and performance, but also helped Berkshire hogs have more value.

CJ Berkshires had many production sales over the years and all featured performance-tested boars and gilts. This was done all the while Craig was selling Angus cattle. Jean, along with some hired help kept the home farm going while Craig was gone.

One of the grand Berkshire females of all time was CJ Luke's Beauty 37-7. Her littermate barrow was the 1976 National Barrow Show® Grand Champion Berkshire Barrow on the production test at 300 lbs. Luke's Beauty produced six national champions for Mid-Continent Berkshires who bought her from CJ Berkshires as a gilt. CJ Berkshires produced the 1979 National Barrow Show® Hog College Boar, CJ Freight Train, sired by Mr. MC. Many of the good Berkshires in the late 1970s and early 1980s had a CJ pedigree behind them.

In one of the CJ Berkshires production sale catalogs, the auctioneer, Grant Conover, wrote, "Craig Conover has that exceptional ability to evaluate genetic material and put that information to practice in a breeding program." I could not agree more and as an auctioneer, Craig could recognize the breeding value of an Angus cow or bull or a Berkshire boar or gilt and point it out to prospective buyers—once again bringing value to the breed.

Craig sold the first \$10,000 Berkshire boar in modern times at the 1979 Berkshire Summer Type Conference at Goshen, Indiana. The first \$150,000 Angus bull he sold was at Knop Angus, Ida Grove, Iowa, in the late 1980s. He sold a \$200,000 Angus cow in the early 2000s at Woodhill Angus, Viroqua, Wisconsin. He had at least two Angus cattle sales that grossed over two million dollars. During his busiest years, Craig sold 100-125 Angus sales per year. That meant he was gone about 225 days a year. He sold cattle in 30 different states and three Canadian provinces. He sold hog sales in 17 different states and Canada.

Craig was a leader in his active day of raising Berkshire hogs. He served two different terms as president of the American Berkshire Association (ABA): 1981-1983 and 1986-1987. He was awarded the ABA Distinguished Service Award in 1989. He has helped many Berkshire breeders over the years in addition to the Berkshire breed with his integrity, knowledge and service both as a breeder and as an auctioneer.

A Berkshire Legend

One of Craig's most prestigious honors was being selected by his peers as a member of the Livestock Marketeers Hall of Fame in 2015 at the National Western Stock Show in Denver. "It's a neat honor in that your peers vote you in", stated Craig. This is an informal fraternity of livestock fieldmen, auctioneers, sale managers, and related livestock business leaders. Ken Torr from Greencastle, Indiana, received that same honor that day.

Craig is most grateful for his wife, Jean, who cared for the Berkshire hogs and Angus cattle while he was gone auctioneering. Jean taught high school math and English while raising two daughters. "She was supermom," says Craig.

Craig's last cattle sale was in April 2010. His vocal cords had become more and more bowed. New allergies to sawdust and livestock dust also presented challenges. The Berkshire hogs were retired in the late 1990s.

Craig and Jean, both retired, now spend time in their summers helping their daughter with a community-supported agriculture vegetable business near Duluth, Minnesota. Their oldest daughter is a medical malpractice attorney in Cedar Rapids, Iowa. Craig helps his 96-year-old father and his wife, Shirley, at Bonnie Acres Farm as they are just 30 minutes away. Craig and Jean have two grandsons who enjoy spending time at the farm.

Craig and Jean have built a reputation of living a life of helping others. What a great story that all started by milking cows early in the morning with a helpful hired hand.

The American Berkshire Association (ABA) would like to thank Merrill Smith for his efforts to get Berkshire history in writing. The ABA's 150th Anniversary committee tasked Merrill with collecting stories from some of the longest-standing, historic American Berkshire Association members who have left a lasting impact on the breed. We are thankful and proud that Merrill has dedicated his time to preserving the legacy of these legendary Berkshire breeders. The story of Tom Conover and Bonnie Acres Farm is one of many that will be written for years to come. We hope you enjoy these stories and join us in recognizing those who have been dedicated to live, breathe, and eat Berkshire!

Sensational Spotted Show

Byline: Brian Anderson

The Spotted show brought the heat to Belton, Texas—and then some. Not only were the Spots the CPS breeds’ largest show but they could also possibly make an argument for being the deepest and best. Brian and Austin Zimmerman, Nebraska, were given the chore of sorting the deep set of Spotted hogs and did so in fine fashion. Thank you to Brian and Austin for being sincere and providing their thoughts and input while sorting an excellent set of hogs. Job well-done gentlemen.

This year’s premier sire was WNTR7 Hill Burn The Boats 69-1, owned by Chad and Misty Hill and Tanner and Sam Winter and housed at Hill Boar Stud, Lubbock, Texas. The premier exhibitor award this year went to Michaela and Scarlet Miller of Bogard, Missouri. Congratulations to this pair of young ladies and their family for bringing an excellent set to Belton, Texas.

An extremely competitive set of Spot boars paraded on Friday morning to determine a Saturday sale order. The youngest class was stacked with competitive boars the whole way through, and it was fun to watch them drive and study the differences in them. Leading off the class was Zane Standridge with a son of Body Guard. The longer you studied this one the harder it became to just really punch a hole in this rascal. He was extremely square and proportional while maintaining a tremendous build and had a muscular shape. Study this one from top to bottom and front to rear and there just wasn’t a flaw in how he was built. Congratulations to the Standridge family on an excellent individual. He will go to work for Triggs Showpigs of Iowa where I am sure semen will be available. The reserve champion boar came out of the same class and was offered next. Norman Brothers drove an exceptionally heavy-boned and flexible boar to reserve status. He had a neat head carriage and an extremely big shoulder and rib cage and yet balanced very well. He was too valuable not to make his home back in Sidell—expect big things from this one. The judge’s consignment from Zimmerman entered next and was the high seller at \$7,500. He will make his new home at Premium Blend Genetics. He had an awesome look and function to him while being one of the stouter-featured hogs to parade. This one suited me as well as any Spotted boar I have seen the Zimmerman crew drive. Congratulations to these gentlemen. The Hahn family from Oklahoma drove an excellent pair of boars who stood first and fourth in the middle class. Littermates out of Who Made Who, both of these boars had tremendous flexibility and angles to their skeleton and could flat motor. They each had great muscle shape and knew they were boars. Thank you to the Hahn family for bringing a great pair. Good luck to Hahns with their boar they took home and also to Mays Showpigs for their purchase. The Miller girls of Missouri drove the oldest class winner and their entry was flawless in his skeleton and build. He might not have been the heaviest muscled boar but he was sure going to help fix feet and leg problems. Mikeska Showpigs of Texas is this guy’s new owner. The second-place boar in that class was another breeding hog. Congratulations to the Sartain family of Tennessee for bringing a raw-made, muscularly shaped boar with lots of muscle. He was another one who didn’t eat or drink much while he was in Belton. Schwartz Livestock will give him a good chance. Chance Rockey of Oklahoma drove in the last boar I will discuss. He placed third in that ultra-competitive youngest class of boars and was maybe as big legged and expressively muscled as any boar in the class. He came at you and left you with power to burn but still handled it well and offered a great profile from the side. Thank you, Randal Buck and Triple B Sires, for an excellent purchase.

The gilt show was large and very good. I applaud all exhibitors who participated for doing an excellent job and encourage everyone to keep bringing

1st Class 1 & Champion Boar

41 Head Totalled \$53,950

them, because as this sale report will show you, it didn't matter if you were first or last in your class, if your entry had value, people would buy Spotted gilts. The champion gilt was extra good and was exhibited by the Pullins family of Ohio. She had tremendous bone work and stoutness of feature and yet had the profile of a champion. She balanced so well and was extremely well built. Congratulations. The reserve champion gilt was shown and exhibited by Tiffany Woodriddle of Texas. Tiffany had a very good representation with this gilt and her mates as they stood first, second and seventh in class. The reserve champion gilt had the look of a brood sow. She was so comfortable and pliable in her skeleton and had a tremendously big ribcage and back shape. At the end of the day, she could have been the bargain of the whole conference. Thank you to Spinn Farms of Holland, Texas, for an excellent purchase. Zimmerman and Lentfer were in next with their judge's consignment. These guys not only did a great job of judging the Spotted show but they brought an excellent pair of hogs who represented their operation extremely well. This gilt had the extension and flexibility and comfort level that we have come to expect from them and yet had tremendous shape and presence. She will be headed to Oklahoma and Rich McCasland and McCasland Farms will set the grandkids up with an awesome set of Spotted hogs to show very soon. We could talk about lots of gilts who represented the Spotted breed well but, in an effort to save a little paper, I will highlight some of the others who hit me very hard. The Armstrong gilt, the Gracie Rains entry, Brooklyn Smith entry, Triggs entry, Stephen Hewett drove an excellent trio of gilts, and last but not least the Farrah Dupree gilt who placed eighth in class 5 and had lots of people thinking they could buy her behind the barn. All these gilts, and others I know I left off, I say thank you to the exhibitors for bringing them and allowing others to buy into them. The depth of quality was extremely good from top to bottom.

It takes an army and I certainly want to thank each and every CPS employee and staff member who assisted and the large number of volunteers and family members who volunteered to help. I know the pay may not be great but the help is much appreciated.

Thank you to Chad Day for selling a great set of Spots and to Bryce Farmer, Kenny Dolson and Dan Naughton for an excellent job manning the sale ring. Great job to all.

Perspective

Byline: Cory Edge
ABA Director of Operations

As I write this editorial, I am anxiously awaiting something that will change my life forever. I sit here thinking that everything I have ever known life to be will never seem the same. There is something about the moments leading to becoming a father for the first time that truly make you reflect on your existence before welcoming a new life into this world. Did I live a life I would be proud to tell my kids about when they ask me about the “good old days”? Do I have any regrets? Am I

Imagine, just for a minute, where you would be if it were not for the livestock industry.

making a legacy my children can be proud of? This whole becoming a dad thing really puts all those questions and more into focus. I am gaining perspective.

We have all heard that grand drive speech where passionate leaders in our industry talk about how special it is to raise young people in this industry; and yes, I am a part of the fortunate ones to have been raised in it as well. I cannot tell you the number of times I have heard that speech and thought, “That’s exactly right, but I think everyone that’s here watching the show knows that.” However, as things in my life are changing, let me put this in the perspective of a soon-to-be show dad who plans on bringing his kids up in the livestock industry. Whether you are raising hogs for the show ring or selling seedstock or marketing Registered Berkshire Pork, there

is no better service to youth than to get them in a barn. I mentioned reflecting on life earlier and as I think back on my childhood, through working in the purebred swine industry, there is not a single moment that impacted my life that did not trace back to growing up with livestock. My family, my wife, my friendships, my career, my network, and my (at this current moment) unborn baby. I have the livestock industry to thank for all of them. That really puts things into perspective.

When a first-time gilt keeps you up until 4 a.m. because she needs help farrowing, have a little perspective. When your best barrow gets third in class at a Team Purebred show after going undefeated all year, have a little perspective. When the semi is a couple of hours late to pick up fat hogs and botches your schedule for the day, have a little perspective. Imagine, just for a minute, where you would be if it were not for the livestock industry. I am as guilty as any for getting caught up in the moment or losing sight of what is truly important. I believe that this industry can teach us to have a little perspective every day.

I will never forget finding out I was going to be a dad. As I was pulling out of my hotel in Yerington, Nevada, to go judge day two of the Silver State Livestock Expo, my wife calls me. I knew she had not been feeling well and that she was going to get a COVID-19 and strep test the day before. She informed me that her, and I quote, “Strep test was negative, her COVID-19 test was negative and her pregnancy test was positive!” After slamming the brakes, throwing the car in park, and after some initial shock, I asked her to repeat that last part again. “Yep! We are going to be parents!” Pure excitement! Then life hit me all at once. Since then, I have gained perspective . . . and I will likely gain some more along the way.

To those who have lost sight of their perspective or simply need a reminder, I leave you with this quote from one of my favorite motivational speakers, Wayne Dyer: “If you change the way you look at things, the things you look at change.”

BERKSHIRE Southwest Type Conference

Show & Sale Report

Berkshires are back in Belton

Byline: Cory Edge

Over the last several years, the Southwest Type Conference (SWTC) has not been the scene of large numbers of entries for the Berkshire breed. However, this year we had the highest number of Berkshire entries since 2017 and good livestock was put on display by those who made the trip to Belton. We could not have asked for better weather from our friends in the South and I know we were all excited to soak in some sunshine.

The American Berkshire Association (ABA) is known for its history and we could not be prouder to have had a true legend in the breed sort through the boars and gilts. The ABA would like to sincerely thank Mr. Chuck Real for taking time out of his schedule to give an honest and fair evaluation of the 2021 ABA SWTC. Chuck certainly got a crowd gathered ringside, and I remember just before the first class walked in the ring, the Marion, Texas, native looked at me and said, "I've got a feeling we are going to have a good show this morning, Cory."

Mr. Real was absolutely right. The show started off hot as class after class of the gilts came in and Real talked about the depth of quality on display. Structure, balance, maternal body shape, and squareness were what Chuck was after and he was able to find it in every single class. When class 5 hit the ring, you could feel some excitement building and as Chuck mentioned to me after the show, that was the deepest class of Berkshire gilts he could ever remember at the SWTC. Real used entry 413-7, a REM9 Hawkeye 7-4 daughter, from Brice Conover, Iowa, to not only win that class, but also named her the champion gilt. Brice brought a popular set of gilts who all resembled his program to a "T". These females were functional, maternal and had the right kind of look and muscle it takes to be competitive in today's show ring. Conover's champion gilt brought \$2,700 to Jacob Reznicek of Texas, only to be outsold by his entry that won the last class of females. Brice's lot 413-6 gilt, also sired by REM9 Hawkeye 7-4, sold at a price of \$3,200 to online bidder Holly Beer of Illinois. One of the more unique individuals in the gilt show was the 423-5 entry exhibited by Daisyn Lacombe from Louisiana. This female came as attractive as you would want to build one on the profile and offered genuine width at the ground and a show pig muscle shape down her topline. Chuck latched onto this gilt to win class 2 and named the ILL8 Unbreakable 20-2 daughter the reserve champion gilt. She sold online to Ronnie Vincent of Texas for a great buy at \$800.

The boar show was equally as impressive. With five classes and some notable names from all over the country, the stage was set for a worthwhile job for our judge. Some real power and skeletal density were paraded in every class winner. The champion drive merited some extra studying from Chuck as he wanted to make the right decision on who he felt were the top two boars in the ring. Not only did Chuck find his favorite, but the buyers thought so as well. Entry 449-1 from Norman Farms, Illinois, was the class 4 winner and the champion boar at the 2021 SWTC. This son of HH9 Walk The Line 383 was seen as the complete package in the mind of Chuck Real and I will tell you, one that can make Berkshires better. This boar offered a great design and shape, real muscle and width, and the right height of shoulder with functional angles. The team at Southern Gold agreed and purchased Norman's champion for the top selling price of \$9,000. Get ahold of Dave to get semen booked on that boar! Now, the argument could be made that class 3 was the toughest one of the day. The quality and breeding pieces that were in the ring certainly allowed spectators the opportunity to find what would work for them. One thing that was for certain, the 438-1 boar from Smith Farms, Illinois, was a favorite and offered as much breeding value as any who hit the ring. He went on to win class 3 and earn the

Brice Conover, Iowa

1st Class 2 & Reserve Champion Gilt
Daisyn Lacombe, La.

title of reserve champion boar, and this son of BBEA9 Brick By Brick 4 found his new home in Ohio with Logan and Derek Joseph for \$6,000. Look for those gentlemen to market their new sire! Additionally, the folks at Purple Power tied into a boar who was at the top end of the sale and saw a good amount of traffic back in the barn after show day. That boar was entry 413-2 from Brice Conover and he made his way to Chalmers, Indiana, at \$2,400.

This year's show was highlighted by a pair of boars who stood neck-and-neck for the honors of premiere and reserve premiere sire. Getting the edge was BIRC9 Identity Crisis housed at Hi Point Genetics and owned by Joe Boose and Bob and Kirk Miller. The reserve premiere sire was awarded to REM9 Hawkeye 7-4 owned and housed by Brice Conover. Congratulations to both firms—their boars were very well represented.

An excellent show and sale could not be possible without outstanding breeders, judges, volunteers, and employees. Colonel Kevin Wendt endured some initial technical difficulties but like the true professional he is, he pushed through and gave the Berkshire breed a great sale. It was a privilege to sit on the block with him. Thank you to Kevin for working so diligently for Berkshire breeders. On behalf of the ABA, I thank each bidder, buyer, exhibitor, and all those who had a hand in making my first trip to Belton a success.

HEREFORD BREED CHARACTERISTICS

AS SET FORTH BY THE NATIONAL HEREFORD HOG ASSOCIATION

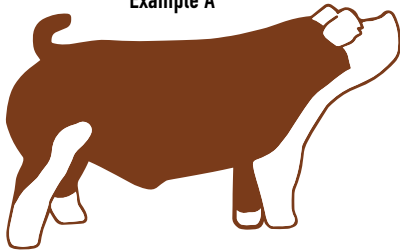

Breeding Animal Qualifications (Boars/Breeding Gilts)

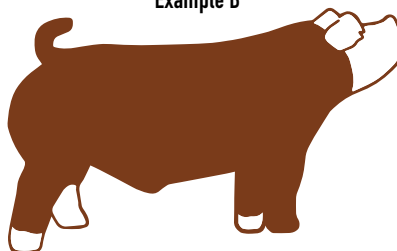

Ideal

- The ideal color markings of all Hereford breeding hogs eligible for breeding stock shall be red, light or dark. However, deep red is preferred with a white head & ears, and 4 white legs; whether the underline of the animal is white or red is breeder preference.
- Ears must break forward.
- If a boar or gilt does not have 6 functional teats on each side of their underline, they shall not be permitted to show in the breeding animal portion of the show. They are eligible for the market portion of a show if they are accepted to be shown in that format.

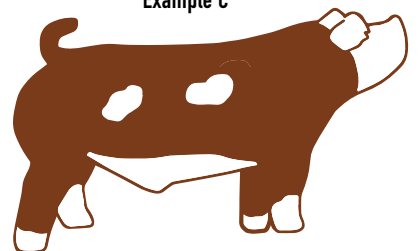

Example A

Example B

Example C

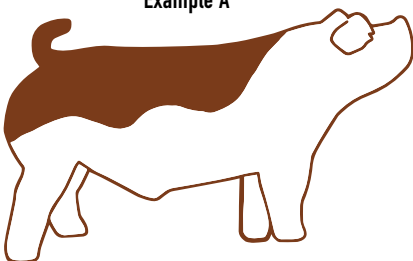

Acceptable

Example A • A slight continuation of white from the legs up to the body.

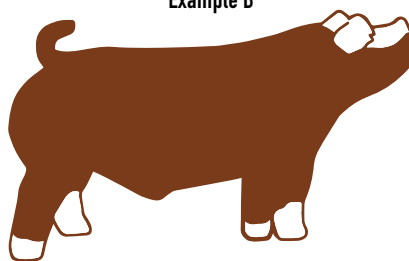

Example B • 3 of the 4 legs must be white at least 1" above the hoof. White must wrap all the way around the leg.

Example C • May have occasional splashes of white on the body not exceeding 2/3 of the body.

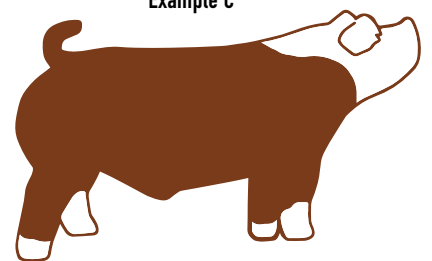

Example A

Example B

Example C

Discriminatory (SUBJECT TO BOARD APPROVAL)

A • Body being close to 2/3 red requirement.

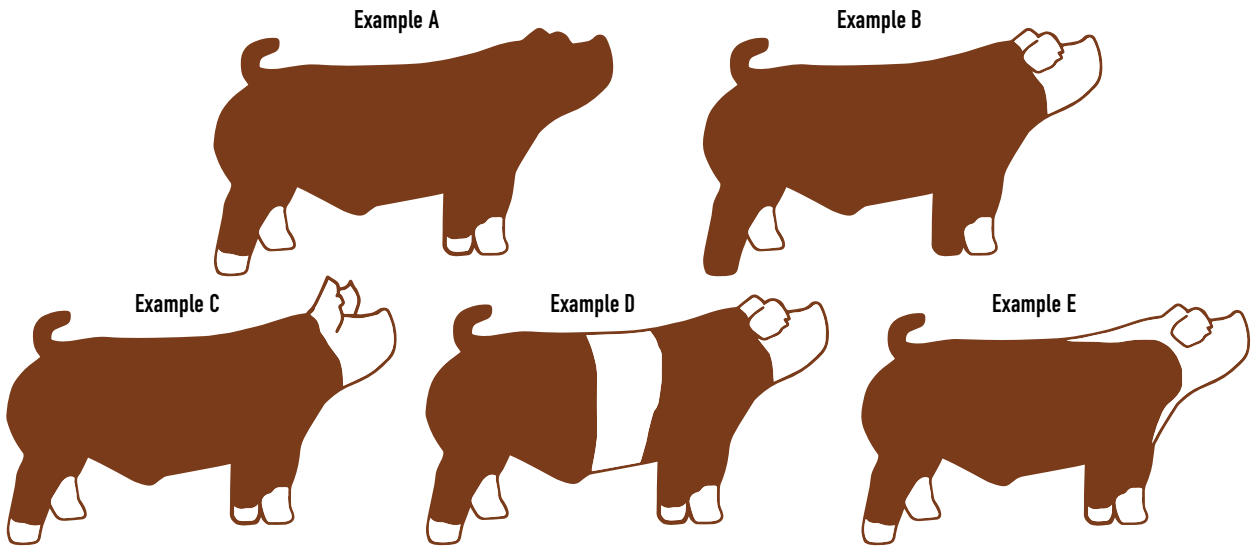

B • Head being close to 2/3 white requirement. (Head defined as entire skull including the jaw, but excluding ears.)

C • White on top of skeleton approaching the blade.

HEREFORD BREED CHARACTERISTICS

Absolute Disqualification

- A • Solid red head.
- B • Two or more solid red legs.
- C • Erect ears that do not break forward.
- Example D • Connecting belt pattern anywhere on body, not including the neck.
- Example E • White extending behind blade on top of skeleton.

Absolute Disqualification

- Having less than 2/3 white head.

Acceptable

Ideal

- Solid white head.

MARKET ANIMAL QUALIFICATIONS

- Animal must at least have 50% of a white head, at least 50% red body, and at least 2 white feet. (This will be known as the "50-50-50 rule.")
- "Blaze faced" animals are eligible to be shown as market animals but not as breeding stock.
- If a boar or gilt does not have 6 functional teats on each side of their underline, they shall not be permitted to show in the breeding animal portion of the show. They are eligible for the market portion of a show if they are accepted to be shown in that format.

Please contact the Certified Pedigree Swine office at 309-691-0151 for any questions or issues that may arise and they will put you in contact with a NHHA board member if necessary.

HEREFORD Southwest Type Conference

Show & Sale Report

Hereford Hype

Byline: Brian Anderson

Belton, Texas, saw a wonderful display of Hereford hogs presented and they seemed to be received relatively well. James and Josh Horton, Oklahoma, did a wonderful job of sorting through the lineup and getting us a workable sale order. Thank you, gentleman!!!

Auction day started with the presentation of two awards: premier sire and premier exhibitor. Both honors were received by Brent Reinhardt and Reinhardt Mini Ranch, Wisconsin. The premier sire honors were awarded to LOOF PSSS REIN No Doubt 42-4. Congratulations to Brent on his success.

The Hereford boar auction started with the champion, driven by Gadson Jervis and Family, Oklahoma. Congratulations to Drew on driving a tremendous boar sired by their herd sire, Crooked Outlaw. This boar had a tremendous look and handled it very well. He gave you a winning look once he entered the ring and he had an attitude that he knew he was there to compete. He was sound and good built and put lots of positive things together. He will be on stud at the Jervis operation and feel free to get in touch with Drew if you have an interest in using this unique individual. Reserve champion honors went to the Reinhardt crew with a son of the show's premiere sire, No Doubt 42-4. He was the oldest class winner and was exceptional in terms of his height of shoulder and extension. I thought this one balanced extremely well and was very proportional. Congratulations to Brent on a very deserving reserve champion boar. The next boar in the ring was the entry from Gus Lanham. He was second in class to the Jervis champion boar. Driven by Gus's dad Chris, this boar was probably as busted open and powerful from one end to the other as any boar in the show. He had tree trunks for legs and could handle it extremely well. He will go back to Indiana and see service on the Lanham operation. Good luck to Gus!

I thought the gilt show was very good. We had three classes of Hereford gilts and each class had a very good representation of the Hereford breed. Congratulations to Cuyler Rourke and her class 2 winner that went on to be named champion Hereford gilt. Much like our champion boar, this gilt had a tremendous look and presence. She had a very natural head carriage and floated when asked to set in motion. She had the look of one who could be a foundation female and just needed a chance to prove it. Gadson Jervis of Blanchard, Oklahoma, recognized her excellence and will put her to work in the Southwest. The reserve champion Hereford gilt was our oldest class winner, driven by Aiden Richardson of DeVille, Louisiana. She was another one who looked like a brood show. She was sound and productive and very functional. Her kind is hard to replicate and put together, but Aiden and his family are going to try to do so. Good luck. The youngest class winner was driven by Maddie Wilson of Buda, Texas. Maddie's gilt was the most powerful and opened-up gilt in the offering. She looked like she could make barrows with the extra bells and whistles to win market hog shows. Elm Farms of Moody, Texas, is going to give her a fair shot. It takes an army and I certainly want to thank each and every CPS employee and staff member who assisted and the large number of volunteers and family members who helped with the show and sale. I know the pay may not be great but the help was much appreciated.

Thank you to Chad Day for selling a great set of Herefords and to Bryce Farmer, Kenny Dolson and Dan Naughton for an excellent job manning the sale ring. Great job to all.

Congratulations to all exhibitors and buyers for a successful SWTC. Can't wait until next year!

BD

Thankful for each other

Byline: Kristi Smith
Director of Junior Activities

What a long year it has been. We have struggled with many things. A lot of wrenches have been thrown in all our plans. We can successfully say that we have made it through, however, it has not been easy. As uneasy as the year has been, it would have been far worse had we not had our friends and family to rely on.

We should absolutely strive each day to surround ourselves with people who can celebrate with us in the good times and be there to support us in challenging times.

It has been said time after time that show pig people are the very best people in the world. I whole-heartedly believe in this statement. As a community, each of you have proven this statement. From checking in when your friends are going through a moment in their own lives and when we absolutely need the support of our friends, such as an illness, to rejoicing with our community at something such as a wedding. Our show-pig community has shown their true colors time and again.

From a personal standpoint, my family had a few huge events happen in 2020. Both events were life-changing with one being great, and one not so great. The first was a large celebration, where we welcomed a new member to our family, my new sister-in-law! It was heartwarming to be surrounded by so many people who love and support

our family. It really brought a realization to our family of how many amazing people are in our lives—many of them being connected to the swine industry. There was a crew who came before the wedding to help with all the set up and work. Each of these individuals we have known through showing pigs!

The very next month, one of our family members had an accident, and put themselves in the hospital for a week. In the times that we are living in, only one person could be the designated person to go into the hospital to visit. I was not that person for this instance. To be the person who supports the designated person is not the easiest thing in the world. But when we are the support person who is surrounded by people who want to support us, it makes the hard times a little less difficult. Our family struggled in this time. I am not sure that we would have made it through without our friends and family surrounding us with love and support. We are so thankful for each and every person who reached out to check on how we were doing.

That is what life is all about. We should absolutely strive each day to surround ourselves with people who can celebrate with us in the good times and be there to support us in challenging times. I do not think that there is a better place in the world to do this very thing than in the swine industry.

As a shameless plug: We rolled out a program last year that would give our membership an excellent venue to foster such relationships: The Jackie Bauer Buddy Program. The Jackie Bauer Buddy Program was developed to foster relationships amongst the swine industry and give each participant an outlet to celebrate their joys and support each other through difficult times. It has been set up to remind each participant that some-buddy cares. If you have not signed up for this program yet, please consider doing so. The application is on the Team Purebred website. At the very least, it will give you someone to be thankful for. And at the very most, the possibilities are endless!

In closing, I am thankful for each and every one of you!

Winning Bloodlines

Thank You . . .

to everyone who attended the Reid & Brewer Open House and On-Farm Sales in March.

Polands, Berks, Spots, and Herefords found great homes and we are anxious to see this set mature and hit the show ring this spring and summer.

Winning bloodlines will get you to the backdrop!

2020 American Royal Reserve Champion Poland Gilt

Shown by Emma Sims

Sired by The Hammer and Bred Here

Congratulations, Emma!!!

We can't wait to get back to the Missouri State Fair this year and continue doing what matters to us most: spending time with our same-industry family and friends.

To all juniors who selected their spring and summer show pig prospects from Reid's Polands and Harlan Reid Berks, thank you. Don't hesitate to contact us for any assistance.

High Class Jeweler

The offspring of High Class Jeweler has received positive reviews. For us, he has produced excellent pigs.

We would like to wish the best of luck to all who have used him and purchased his offspring for show pigs.

Let's hang some banners and get some backdrop photos and make High Class Jeweler FAMOUS!!!

Contact us for your Poland China and Berkshire show pig needs or come by the farm and see the pigs in person.

Poland China Prominence

Byline: Brian Anderson

The Poland breed was prominent and popular in Belton. James and Josh Horton of Oklahoma were asked to sort the Poland show and did a very sincere job. You could tell when each of them grabbed the microphone that they were very sincere and passionate about what they said and how they said it. Thank you to them both for doing a very thorough and professional job of sorting a breed that they have a sincere and heartfelt passion for.

Each and every show before the sale begins, a premier sire and a premier exhibitor are presented. The premier sire this year was 8 High Noon 4-2 owned by Hi Point, Webster and Reid Polands and housed at Hi Point. Nine-year-old Reid Miller of Melvin, Illinois, was this year's recipient of the premier exhibitor award. Accepting his award was dad, Kirk Miller. Congratulations to Reid, however, dad took all the credit for Reid's success but we appreciate his work at home and understand had to be at home going to school.

The champion boar was driven by Dustin Shuffler with a son of Shag Carpet. He topped the sale at \$6,000 and went to Premium Blend in Indiana. In my years of watching and sorting pig shows, I'm not sure that I have seen one this unique in his skeleton and function. This guy utilized his hip and hind leg with ease and was so comfortable on the go. He was good in his build and is the kind that everyone needs to sample. Congratulations to Dustin and thank you to Premium Blend for their purchase. The reserve champion boar was in next and he placed second in an extremely tough, young class. Kirby Lacy and family from Sherman, Texas, drove this one to honors. He was a different kind than the champion. If you needed extra back shape and power in a skeleton that could last, then this might have been your choice. He was as opened up and powerful from front to rear as any in the drive. Johnathan Giesige of Ohio will give this one a fair chance. Allen Showpigs was in the ring next with the oldest class winner. He was as big legged and stout as any in the offering. One of the most popular questions I receive is where is the shaggiest and densest Poland boar to use? This one falls into that category for those who are looking. Be sure to call Tom Shanafelt at Sugar Creek Genetics if you need any of the above. Richey and Rinker were in the ring next with the class 2 winner. A son of Yeti 6-4, this one had tremendous features and power and was as opened up from end to end as any in the show. He was still tall shouldered and heavy-boned and had a tremendous presence. He had a lot of good and needed to find a home. The Spears/Listen hog was in the ring next and placed third in the very competitive class 1. Not the biggest hog but he was easily the most athletic and functional hog in the drive. Bart drove this boar and I didn't realize that Bart was this athletic either but he had to be to keep up with this rascal. Obviously, this boar was functional in his kind but also very square and shapely. I can see this one making barrows who will have some success and our judges are going to give him a shot at doing so. Thanks again to the Hortons for an excellent boar purchase. The last boar we will talk about is the A&D Polands entry who placed fourth in the first class. A stress negative son of Don't Tell Dad, this one had a lot of interest. He was heavy-boned and big-backed and packed a powerful punch. Phenotype and pedigree made this one pretty unique. Seth Wray of Oklahoma is going to give this one an opportunity to make some noise.

The Poland gilts exhibited were very solid. There were 19 head in the show and all 19 head were offered for sale to the buying public. Raymond and Sheryl Rice of Velma, Oklahoma, drove their class-winning gilt from class 2 to champion status. This daughter of RSR9 War Cry 8-2 excelled in look and skeleton. She had great extension in front of her blade and handled her hip and hind leg in a superb fashion. She looked like a lady and stayed in Texas at the Tommy French firm in

1st Class 1 & Champion Boar

2nd Class 1 & Reserve Champion Boar
Kirby Taylor Lacy, Texas

1st Class 2 & Champion Gilt
Raymond & Sheryl Rice, Okla.

1st Class 1 & Reserve Champion Gilt
Reid Miller, Ill.

Slaton. Thank you to Tommy and I wish him good luck with this breeding piece. Reserve champion gilt honors went to the Reid Miller entry out of class 1. Reid's gilt was very complete and fault-free. She was one who I would term a no-holes kind of gilt. She was sound and opened up and had plenty of body and muscle. You could make gilts and or barrows with this one just depending on how you want to mate her—your choice. Johnathan Giesige of New Bavaria, Ohio, bought this one and I would bet there is a good chance she gets bred to the reserve champion boar from Lacy. We will see.

This was CPS's first time to provide on-line bidding on the day of the sale. We want to thank CCI.live and Kennedy Ventures and CCI representatives Grant Hubbard and Blake Kennedy for all of the hard work and assistance in pulling things off. The Poland show benefitted as much as any by selling two boars and five gilts to online buyers.

It takes an army and I certainly want to thank each and every CPS employee and staff member who assisted and the large number of volunteers and family members who volunteered to help. I know the pay may not be great but the help was much appreciated.

Thank you to Chad Day for selling a great set of Polands and to Bryce Farmer, Kenny Dolson and Dan Naughton for an excellent job manning the sale ring. Great job to all.

Show and Sale Highlights

Judge: James & Josh Horton, Oklahoma

Auctioneer: Chad Day, Indiana

CPS BULLETIN BOARD

BOARDS FOR SALE

NEED RIDE FOR A PIG

ENTRIES DUE THIS WEEK

For new members of CPS or even veterans who may have forgotten, the association has a free message board accessible by the CPS website at www.cpsswine.com.

This Bulletin Board serves as a place for communication about the purebred swine industry. The CPS organization posts news items there and breeders are encouraged to ask questions, provide herd updates and offer thought-provoking dialogue for fellow members.

this year is off to one **incredible** start

return to sender

Bodyguard x (Charlie Hustle x Pistol) STRESSNEGATIVE \$200/DOSE

We made the 12 hour trek to Belton searching for a herd sire that could offer unique pieces to propel our growing operation. Now, we didn't bank on landing on another BG son, but when this guy hit the ring we knew he needed to relocate to Mt. Airy, Iowa. So square up high, massive upper hip and pin set, still good looking and built like a cat make this one VERY special.

JOHNATHAN TRIGGS 641.344.4827

TYLER TRIGGS 641.344.3653

KEVIN TRIGGS 641.344.9365

Chester White Chatter

Byline: Brian Anderson

The Chester White show might not have been the largest but it might have had as many intriguing breeding pieces as any in terms of both boars and gilts. Chris Danner was given the task of sorting the Chester White show this year and did an extraordinary job of giving his opinion and aligning the entries. You always know when Chris has the mic that he is going to tell you exactly how he sees them and what is going through his mind, and for that, I thank him for his honest opinion. Job well done, Chris Danner!

This year's Southwest Type Conference Chester White Premier Sire is a boar who really needs no introduction, especially in the Southwest: 8 Custom Made 21-2, owned by Crossroads Genetics, Indiana. Congratulations to Adam and Jason—well deserved. The premier exhibitor award went to Triggs Showpigs of Mount Ayr, Iowa. These guys brought an excellent set and were rewarded on sale day for what their program has to offer. Congratulations gentlemen!

The boar sale started with a bang. Triggs drove the class 2 winner, who was eventually named champion, in to start the sale. Needless to say, he got it off to a good start. This son of 8 Custom Made 21-2 (this year's premier sire) sold online for \$25,000 to Premium Blend Genetics of Indiana. Thank you, to Ted and his crew, for buying and using our online bidding option we had available for the first time. The champion Chester White boar was very unique and good. He possessed a tremendous look and was built extremely well. I loved how he ran up hill and his neck came out of the top side of his blade like it should and gave you such a unique pattern and look. He was built right from the ground up and could flat handle his hip and hind leg like a great one should. I am quite confident that this one will make some noise and I wouldn't wait long to get your name on the books to breed to this one soon. Congratulations to all involved in making this one. It is always hard to follow one in the ring that had as much buzz as our champion had but the Armstrong crew was given the opportunity to do so and did with a very good one. He was the winner of our youngest class and had great shape and build. I loved his proportions and when you got right on top of him, you certainly were not disappointed. Purple Power Boar Stud saw the breeding value in this one and will give you a chance to sample him. Thank you to Chris and Susan for their purchase. Other boars of interest were the second-place boar in the youngest class driven by Triggs and the Ronnie Perry boar who stood third to him in class. The Triggs boar was powerful and opened up and still very good in his build and on his feet and legs. He was young but looked like he could make Chester barrows who would have some success across the country. Thank you to Randal Buck and Triple B Sires, for their purchase. The Ronnie Perry boar had a lot of good in him also. He had a tremendous running gear and hogs with his kind of flexibility and skeleton should never go out of style. This one can do a multitude of things and I am sure that he will get to do that at his new home in Huntville, Illinois. Thank you to the Armstrongs for an excellent boar purchase here. The Steve Jordan boar who was fifth in class 1 was another one that I will mention. This boar stood where he probably needed to stand for a boar that didn't eat or drink a thing the whole time he was in Belton. He had a great feature and skeleton and was as dense made as anything at the show. I can imagine this one making barrows all day long who will be easy to sell and competitive in the long run. Thank you to the Schwartz and Halfman crew in the San Angelo area for recognizing this one's value.

Lyla Kate Pankey was the winner of a very competitive Chester White gilt show. Her champion gilt wins the oldest class of gilts and sold for \$6,000 to Dale

1st Class 2 & Champion Boar
Triggs Show Pigs, Iowa

1st Class 1 & Reserve Champion Boar
Armstrong Genetics, Ill.

1st Class 3 & Champion Gilt
Lyla Kate Pankey, Texas

2nd Class 3 & Reserve Champion Gilt
Emiliegh Burton, Texas

Wilde of Wall, Texas. Dale knows what it takes to make a great one and I think this champion gilt could easily be on her way to making some great ones in the future. She was a daughter of 8 Custom Made 21-2 and was raised by All Star Showpigs of Texas. She was a big hog who had function. She gave you a tremendous look but had those extra bells and whistles that a great one needed to get recognized. Congratulations to Lyla Kate for doing an excellent job of driving this one and we thank her for placing her trust in the CPS to help get her merchandized. Great Job! Emileigh Burton of Evant, Texas, drove the reserve champion Chester female. She was stout and burley and yet still had a productive brood sow look to her. She was huge centered and yet handled it very well. Thank you to Jeff Arnet of Lubbock, Texas, for his investment. The Armstrong Genetics entry followed next with a functional and productive-looking class 2 winner. She was another one of those gilts who I would term as a no-holes kind of female who is only going to make the next generation better. Thank you to Steve Jordan, Indiana, for recognizing her value. Rodney Ummel drove our youngest class winner and while she didn't change ownership through the auction, one needed to appreciate the value and good in the gilt that Rodney brought. Maybe not the fluffiest or most fitted gilt in the show and that is okay. I challenge you though to make one better on her feet and legs and look like a lady like this one did. Many of you missed out on a chance to do some research and development and tie into something new.

It takes an army and I certainly want to thank each and every CPS employee and staff member who assisted and the large number of volunteers and family members who were told or volunteered to help. I know the pay may not be great but the help is much appreciated.

Thank you to Chad Day for selling a great set of Chester hogs and to Bryce Farmer, Kenny Dolson and Dan Naughton for an excellent job manning the sale ring. Great job to all.

PHENOTYPIC ACRES, INC.

As we prepare this ad, the human COVID virus looms heavily on everyone's mind, especially with regard to how to deal with it. Arguments for making face masks mandatory for all, to social distancing and handwashing vary widely and as a result, the spreading of the virus continues to escalate. Hopefully, vaccines will become available, shortly, and help the world deal with this illness. Those of us raising hogs have dealt with similar situations by using various vaccines and developing biosecurity measures on our hog farms. Those of us selling breeding stock know the costs and pains we go through to develop biosecurity measures. We used to look forward to people visiting our farm but over the last 6-7 years, the gates are pretty much closed. With modern technology, we are able to share our product via websites, cell phone photos, etc. Our point is that we adapt to the times and move forward. Let us know if we can provide you with Berkshire breeding stock, highly selected for 50 years. The sow in the picture is still going strong at 12 years of age.

PAS Hulk 40-1

*ALL boars and gilts of one breed will sell before moving to the next breed
10 a.m. Ring 1: Berkshire Breeding Stock sale begins

CROSSBRED GILTS Southwest Type Conference Show & Sale Report

Crossbred gilts brought the HEAT!!!

Byline: Brian Anderson

What a set of crossbred gilts our exhibitors brought to showcase in Belton, Texas. We were very excited to have 115 gilts pre-entered to come to Belton but were even more excited to have 92 of them show up to Belton. Broc Thompson from Ohio was given the privilege to judge our gilt show and did an absolutely amazing job. I appreciate Broc being upfront and honest while placing the classes. There are not many people in the country who truly understand production agriculture, but Broc is one and I hope you all appreciated his words and the job that he did giving his honest opinion and evaluation of the crossbred gilts.

The champion crossbred gilt was as good as advertised. Karley Willenborg brought one to play hardball and hardball she played. She came out of the toughest class of the day and at the end of the day she came out the champion. She was a Best Intentions daughter bred by Crain Showpigs of Colorado. She had a tremendous look and could flat go. She was square at the ground and even more impressive when you got on top of her. She was built incredibly well and had a running gear that never stopped. I made mention in one of the other breed reports that it didn't matter where you stood in class, people were going to find the good in your gilt regardless of where your gilt placed and buy the ones that they knew were going to make their program better. Brandon Smythe and Cole Reeves partnered at \$22,000 to take this one home and I am sure they have a game plan to make her generate. Congratulations to Karley and a huge thank you to Brandon and Cole for investing in a great one! Dylan Wagner won the last class of the day and drove his daughter of Encore to reserve champion status at the end of the day. This one had breeding value written all over her. She had advantages over the grand in terms of bone work and added extension. Broc spent lots of time studying this pair of gilts in the grand drive. One had to appreciate the flexibility and extra feature that Dylan's gilt had and ultimately Wayne and Leslie Harman of Perryton, Texas, ended up investing in this creature to move them to the next level. Thank you to Dylan for bringing her to Belton and a special thanks to Wayne and Leslie for their investment.

We could go on and on and talk about each class winner but all you need to do is look at the sale report and see that this set of crossbred gilts was very good and exceptionally well received by the buying public. Thank you to all who participated and brought gilts to the show. We hope that exhibitors will keep this crossbred gilt show and sale in mind next year as a marketing opportunity for the future.

Thanks to all of the crew from CPS for making things happen. Thanks to Grant and Blake with CCI.live for providing online bidding opportunities for all involved. Thanks to Kenny Dolson, Bryce Farmer and Dan Naughton for working the ring. Thanks to Amy Naughton, Julie Olson, Rhonda Armstrong, Karla Smith, Kristi Smith, Dan Naughton, and anyone else who sat down to help us check in livestock through the week. Thanks to Chad Day for doing an excellent job of keeping our sale moving and doing a great job of selling hogs. Thanks to Cory Edge of the American Berkshire Association (ABA) office and ABA Board member Rich McCasland for their support through the week. Thanks to Jacob Lange for manning Walton Webcasting all day and all those who joined him throughout the day on the webcast: Joe Wehner, Cole Reeves, Mikey Dubois, and Cade Anderson. Thanks to also Justin Messner, Cade Anderson, Mike and Dianna Ingram and Darrel Messner for running gates and helping to line up livestock for two days. They say it takes an army and I sure hope I did not forget someone. I absolutely appreciate all the help everyone provided and together we will continue to make our shows bigger and better each and every show. Good luck to all on their investments and please let us know what we can do to help in the future.

1st Class 7 & Champion Gilt
Karley Willenborg, Texas

1st Class 8 & Reserve Champion Gilt

American Berkshire Association **NEW ONLINE BILL PAY NOW AVAILABLE**

- Pay your ABA invoice or statement with the convenience of our online payment portal
- Avoid finance charges
- Immediate transaction
- Easy to use
- Accepting Master Card, Visa, Discover

americanberkshire.com Click **ONLINE BILL PAY** at the top of the page

In an effort to keep ABA accounts up to date, the ABA Board of Directors voted unanimously in their February Board Meeting:
Effective July 1, 2019
Accounts over 120 days will be suspended from ABA member services (litter registrations, A.I. certificates, transfers, etc.) until account is caught up.

Please call the office if you have any questions concerning your bill or to pay over the phone. Also be sure to check your mail as invoices are sent out after the completion of services, in addition to account statements are sent at the end of each month.

Your choice of DNA stress test labs includes:

GenAlysis Laboratory Inc.
29320 Industrial Way, C310-A
Evergreen, CO 80439
(888) 300-4363

GeneSeek Inc.
4131 N 48th St.
Lincoln, NE 68054
(402) 435-0665

GeneCheck, Inc.
11175 58th Ave., Suite 100
Greeley, CO 80634
(970) 472-9951

Please note, that as of this date, the listed labs are the only ones currently in operation. Please contact the labs directly for procedures they use or require. Please allow 10-20 days for results.

BERKSHIRE BREEDERS:

GeneSeek also does Napole testing. All testing at GeneSeek must go through the ABA office.

Paul Scale MODEL 58SX

The new and improved W-W Paul Model 58SX includes the new side slide, bi-fold gate designed for faster and easier operation. Absence of any heavy gates allow operation by anyone, including children. The Model 58SX is easily retrofitted with an electronic load cell, readout indicator and ticket or tape printer is desired. The outstanding features combined with heavy duty steel construction guarantees an accurate and dependable scale.

**CALL FOR
CLOSEST
DEALER**

Hog & Sheep PENS

All hog & sheep components are constructed from A-513 high tensile steel tubing. All joints are saddle cut for extra strength. Gate frame is 72" tall and panels are available in 41" or 48" height. All units interlock with self contained drop pins. All components are finished with a long lasting powder coat finish.

Improving with Each Generation

Thanks to Jeff Armes, Texas, for his purchase of Michou Genetics' 9-5 Chester Gilt at the Southwest Type Conference. This First Ballot x First Take daughter is designed to create show pigs!

With each generation at both Michou Genetics and Perry's Chesters, we see a marked improvement in the programs we are building. Contact us for your next herd addition—you will not be disappointed.

Thanks to Armstrong Genetics, Illinois, for their purchase of Ronnie Perry's exciting boar entry at Belton. This unique fella is a Catalyst x Milestone. Contact J.R. or Bob for access to this unique young sire.

INTRODUCING Stands Alone

Stands Alone (Sugar Daddy x Flat Liner) is the newest addition to our powerful Herd Boar Line Up!!

We knew from the time he hit the crate floor that he was special. No picture or video can do this boar justice! You need to see him to appreciate all of the breeding potential that is wrapped up in this prepotent herd sire!

He possesses so much natural width, front to rear and he resembles his sire with an attractive head carriage that is needed to compete in the show ring today. **STANDS ALONE** has huge bone and feet and is very athletic with an abundance of muscle!

STAND ALONE's pedigree is rich in a genetic package that will breed on. Sugar Daddy is sired by Sugar Ray. His dam is a full mating to **FAN THE FLAME**.

Take the guesswork out of your breeding program and call today for semen on **STAND ALONE!**
