

WE'VE GOT SUPER NEWS

NEW ONLINE PEDIGREE AND REGISTRATION SERVICE FOR ALL BREEDS!

We have a whole new computer program to make pedigrees and a new online registration program. All of our breeds except Herefords have been able to register their litters on line. Now with our new system, the Herefords will be able to register their litters online also. We don't expect any downtime, but that's always a possibility.

Be sure to get all of those litters and transfers that you might need in at least a week before June 1st, just to be on the safe side.
